

REGULATION VI FEES

Rule 603 **Permit Fees** *(Fee Amounts Valid July 1, 2024 through June 30, 2025)*

Fees herein shall be adjusted annually in accordance with the California Health and Safety Code Section 42311 and Revenue and Taxation Code Section 2212 to account for changes in the California Consumer Price Index (CPI) for all urban consumers, as reported by the California Department of Industrial Relations. These adjustments shall be effective beginning July 1 of each year in an amount not to exceed the annual increase in the CPI for the preceding calendar year.

A. **Stationary Source Fees**

1. **Filing Fees**

- a. Except as provided below, every applicant for an Authority to Construct / Permit to Operate shall pay a filing fee of **\$ 496.72**. If an application for a permit is canceled, or is denied, the filing fee required herein shall neither be refunded nor applied to any subsequent application.

- b. Every applicant for a Vapor Recovery permit shall pay a filing fee of **\$ 200.26**. If an application for a permit is canceled, or is denied, the filing fee required herein shall neither be refunded nor applied to any subsequent application.

2. **Base Fee**

Except as otherwise required for gasoline storage and dispensing, every applicant for an annual stationary source Permit to Operate shall pay an annual Base Fee of **\$ 174.27** per permit, in addition to the filing fee prescribed herein.

3. **Emissions Fees**

Every applicant for an annual Permit to Operate shall pay an emissions fee, in addition to the base fee and filing fee prescribed herein, for annual emissions by the source. Such emissions shall be calculated by the District on the basis of source test data, production data, and good engineering practice and as set forth in the following schedule:

**REGULATION VI
FEES**

<u>Air Pollutant</u>	<u>Dollars Per Ton</u>
Total Suspended Particulate (TSP)	\$ 54.04
Oxides of Nitrogen (NO _x) (expressed as nitrogen dioxide)	\$ 55.72
Oxides of Sulfur (SO _x) (expressed as sulfur dioxide)	\$ 41.76
Volatile Organic Compounds (VOCs)	\$ 55.72
Carbon Monoxide (CO)	\$ 15.63

4. **Evaluation Fee**

Every applicant issued or applying for an Authority to Construct or Permit to Operate equipment for which a permit is required by the rules of the Air Quality Management District, shall pay an engineering evaluation/air quality impact assessment fee. This fee shall also apply to stationary source risk assessments and public notification processes required under the California Health and Safety Code. The fee shall be calculated using staff hours expended and the prevailing weighted labor rate of **\$ 156.76** per hour.

5. **Analysis Fees**

Whenever the Air Pollution Control Officer finds that analysis of the emissions from any source is necessary to determine the extent and amount of pollutants being discharged into the atmosphere, which cannot be determined by visual observation, he may order the collection of samples and the physical analysis made or the collection of data and the engineering analysis made by qualified personnel as determined by the Air Pollution Control Officer. The time required for collecting samples, making the physical or engineering analysis, and preparing the necessary reports, but excluding time required in going to and from such premises, may be charged against the owner or operator of said premises in a reasonable sum to be determined by the Air Pollution Control Officer, which said sum is not to exceed the actual cost of such work.

**REGULATION VI
FEES**

6. **Permit Fee Penalty**

When the Permit to Operate is issued, it shall be accompanied by a statement of the fee to be paid. If the fee is not paid within 30 days after the permit is issued, the fee shall be increased by one-half the amount thereof, and the Air Pollution Control Officer shall thereupon promptly notify the applicant of the increased fee by mail. If the increased fee is not paid within 30 days after the applicant is notified, the application shall be deemed withdrawn and canceled. The Air Pollution Control Officer shall so notify the applicant by mail, and the permit shall be void.

7. **Permit Granted By Hearing Board**

In the event that a Permit to Operate is granted by the Hearing Board after denial by the Air Pollution Control Officer, the fee provisions of this Rule shall still apply.

8. **Revising Permit Conditions**

Where an application is filed for a Permit to Operate exclusively involving revisions to the conditions of an existing Permit to Operate, the applicant shall pay an evaluation fee in addition to the amount of the filing fee required herein. The annual permit fee will be due and payable on the anniversary date of the original permit.

9. **OPEN**

10. **Source Test Plan Review and Evaluation Fees**

Every person required to conduct a source test under the auspices of Rule 515 - Provision of Sampling and Testing Facilities shall pay a fee of \$ **1219.95** per test. Said fee shall be submitted concurrently with the source test plan/protocol. Said fee shall be used to offset the District's expenses of reviewing the source test plan, attending the test and conducting Rule 202-Visible Emissions evaluations.

**REGULATION VI
FEES**

11. **Benzene Emission Control Fee**

Every applicant who is or may be subject to Rule 214, and/or Rule 215 shall pay a fee to cover the District's cost of implementing this state mandated program as follows:

- a. Gasoline storage and dispensing registration fee of **\$104.47 per year** per facility (facilities not under permit for Phase I or Phase II vapor recovery).
- b. First year Permit to Operate fee of **\$ 114.99** per vapor recovery nozzle.
- c. Annual renewal (after first year) of permit to operate fee of **\$ 66.04** per vapor recovery nozzle.

12. **Soil Aeration/Remediation Fee**

Every applicant for a soil aeration permit shall pay a permit evaluation and review fee of **\$ 400.69** per application. Any risk assessment conducted by the District shall be billed in accordance with Rule 603 A. 4.

13. **Major Sources Subject to Title V**

Major sources subject to Title V of the Clean Air Act of 1990 shall pay a supplementary fee in accordance with the requirements of Rule 605.

14. **Miscellaneous Inspection Fee**

Every applicant or person that requires an inspection for miscellaneous (woodstove certification) reasons, purposes, or certifications, not previously mentioned, shall pay a fee of **\$ 60.97** per permit, application, or certification.
